设计理念

设计灵感来源于可追溯到夏朝的箱凳，我们继承了老祖宗的智慧，给箱凳加上拉杆与轮子，融合了居家凳子的安稳舒适性与行李箱的收纳和推行功能，续写了箱凳从居家用品到旅行用具的演变，使得行李箱如凳子般结实安稳，让旅途随时有座，缓解旅途疲劳！

Design Concept

The design inspiration comes from the box stool that can be traced back to the Xia Dynasty. We inherit the wisdom of our ancestors by adding a pull rod and wheels to the box stool, integrating the stability and comfort of a home stool with the storage and pushing function of a suitcase. We continue the evolution of the box stool from a household item to a travel tool, making the suitcase as sturdy and stable as a stool, providing a seat for the journey at any time and relieving travel fatigue!
